 GitHub: <https://github.com/parigaur21>

Email: pariigaur@gmail.com
 Mobile: +91- 9258794798

SKILLS

• Languages:	C++, Java, C, Python
• Web Technologies:	HTML, CSS, JavaScript, React.js, Node.js, Express.js, Bootstrap
• Databases:	MySQL, MongoDB
• Tools & Platforms:	Git, GitHub, AWS Cloud Services, Docker, Kubernetes
• Core Competencies:	Data Structures & Algorithms, OOPs, Problem Solving

PROJECTS

Simulator Resource Allocation github link	May' 25 - Jul'25
- Built a simulation tool to model and analyze resource allocation strategies across multiple operational scenarios. - Implemented customizable parameters and performance metrics to evaluate efficiency and optimize resource distribution. - Provided actionable insights to support data-driven decision-making in logistics and operations planning.	
Tax-Wise AI-GROQ-Powered Assistant github link	Apr' 25 - May' 25
- Created a Tax Assistant Chatbot using GROQ API to automate tax queries and deliver quick, accurate guidance. - Integrated GROQ API with workflows for tax rule processing, deduction checks, and real-time responses. - Improved query speed, reduced manual effort, and delivered accurate, reliable tax assistance.	

TRAINING

Artificial Intelligence- Personifwy by E-cell IIT Roorkee training certificate link	Apr' 24 - May'24
- Gained practical exposure to end-to-end AI workflows, including data preprocessing, algorithm selection, and performance optimization. - Completed a hands-on AI project involving predictive analytics, model training, and model evaluation techniques. - Utilized Python, machine learning algorithms, basic frontend and backend technologies, and Excel-based analytical tools.	
Lovely Professional University – Summer Training training certificate link	Jun' 25 - Jul' 25
- Completed an intensive Data Structures & Algorithms training with hands-on problem solving, covering searching, sorting, recursion, dynamic programming, and graph algorithms. - Developed strong problem-solving skills by working on real-world coding scenarios relevant to technical interviews. - Strengthened algorithmic thinking and coding efficiency through structured practice and performance-focused exercises.	

CERTIFICATES

• Data Science- Complete Python Bootcamp Udemy	Feb' 24
• Fundamentals of Network Communication Coursera	Sep' 24
• Privacy and Security in Online social media NPTEL	Oct'25

EXTRACURRICULAR

Appreciation for Contribution at NGO certificate link	
Assisted in organizing events, managing resources, and coordinating volunteer activities for social initiatives.	

EDUCATION

Lovely Professional University <i>Bachelor of Technology - Computer Science and Engineering; CGPA: 7.75</i>	Phagwara, Punjab Aug' 23 - Present
St. Mary's School <i>Intermediate (PCM); Percentage: 80</i>	Najibabad, Uttar Pradesh Apr' 22 - Mar' 23
St. Mary's School <i>Matriculation; Percentage: 94</i>	Najibabad, Uttar Pradesh Apr' 20 - Mar'21
